

# Invitation til møde 25-09-2019

## ‘Rare event flow cytometry and the clinical angle’

---

Faglig arrangør: Overlæge, ph.d., klinisk lektor Kaspar Nielsen, Klinisk Immunologisk Afd., Aalborg UH

**Kære kolleger,**

I inviteres hermed til møde om ”Rare event flow cytometri og den kliniske indgangsvinkel”

Mødet afholdes således at tilrejse er nem: på Hotel Clarion v. Københavns Lufthavn. Udgifter til transport (bil, tog eller fly-alt på economy class) vil blive dækket ligesom mad under mødet.

*Der er begrænset antal pladser, så først-til-mølle gælder.*

Mødet tilstræbes forankret i vores kliniske virkelighed og deltagerne opfordres til at også sende egne cases for læring og faglig drøftelse af almindelige og vanskelige forløb.

Mødet afholdes på engelsk.

Venlig hilsen

Kaspar René Nielsen  
Specialeansvarlig overlæge, klinisk lektor, ph.d.  
Klinisk Immunologi, Aalborg Universitetshospital

-----  
**Date:** Wednesday 25 September 2019

**Time:** 10.30-15.00

**Venue:** Clarion Hotel Copenhagen Airport, Ellehammersvej 20, 2770 Kastrup

**Guest speaker:** Head of Flow Cytometry Laboratory, professor Thomas Matthes, Geneva UH

**Expert Panel & moderators:**

**Consultant Ulrik Overgaard**, Department of Hematology, Rigshospitalet, Copenhagen UH

**Chief physician, associate professor, ph.d. Kaspar Nielsen**, Department of Immunology, Aalborg UH

**Expert Panel:**

**Consultant, ph.d., professor Henrik Frederiksen**, Department of Hematology, Odense UH

**Consultant, dr. med. Bendt Nielsen**, Department of Hematology, Aarhus UH

**Chief physician, MD, ph.d. Hanne Marquart**, Dept. of Clinical Immunology, Rigshospitalet, Copenhagen UH

*Program and registration: see next page*

## Program 25-09-2019

10.00-10.30 Arrival: **Coffee and bread**

11.30-11.35 **Welcome**  
*Consultant, Ph.D., clinical lector Kaspar Nielsen*

11.35-12.15 **Rare events flow-principles and some examples on PNH**  
*Professor Thomas Matthes, Flow Cytometry Laboratory, Geneva University Hospital*

12.15-13.00 **Clinical implications of rare event flow**

### **Rare event flow in childhood leukemia?**

*Chief physician, MD, Ph.D., Hanne V. Marquart, Dept. Clinical Immunology, Rigshospitalet, Copenhagen*

### **How to use flow in the setting of allogeneic HSCT**

*Consultant, dr. med. Bendt Nielsen, Dept. of Hematology, Aarhus UH*

## **13.00-14.00 Lunch**

14.00-14.45 **A discussion on small PNH clones and AA/MDS - Important or not?**  
*Professor Thomas Matthes*  
*Consultant Ulrik Overgaard, Dept. of Hematology, Rigshospitalet, Copenhagen*

14.45-15.30 **Patient cases on PNH from the participants**

- Short presentation
- Diagnostic input
- Clinical input-what is important-by the participating clinicians

15.30-15.45 **Questions and discussions**

15.45 - 16.00 **Important learnings-summary of the day**  
*Consultant Ulrik Overgaard, Dept. of Hematology, Rigshospitalet, Copenhagen*

**16.00 Coffee**

-----

## **Registration:**

**Send asap but no later than 14.08.2019** an e-mail to [commlog.mog@gmail.com](mailto:commlog.mog@gmail.com)

**Reference:** Flow meeting September 25

**Enter:** Your name, workplace, if you have any allergies

**Travel costs:** Your tickets (economy) will be reimbursed. (Info to be sent to you after your registration)

*The meeting is made possible and sponsored by Alexion Pharma Nordics AB*  
*The meeting has been reported to ENLI (Ethical Committee for the Pharmaceutical Industry)*

*Conference management*
